## TxDOT Open House Tuesday

**TxDOT** will be having local meetings concerning the construction on 281 between Lampasas and Evant.

TxDOT wants to widen US 281 between US 183 (Lampasas) and Live Oak Street (Evant) with two additional travel lanes for a total of four lanes, Improve safety by separating traffic with a grassy median, Add paved median crossovers along US 281 to facilitate access to and from both sides of the highway, however a narrower roadway section may be considered at specific locations with significant existing constraints.

The purpose of the project is to improve mobility by constructing additional travel lanes and increase safety by bringing the roadway up to current design standards, separating northbound and southbound travel lanes with a grassy median and upgrading other safety appurtenances (guard rail, sloped culvert end treatments, wide shoulders, etc.). The project spans approximately 28 miles and will acquire additional right of way adjacent to the existing corridor (acreage to be determined pending final design); displacements may also be required but have not yet been identified.

The Lampasas meeting will be July 25th at New Covenant Church 1604 Central Texas Expressway from 5:30-7:30pm. The Evant meeting will be July 27th at the Evant ISD Cafeteria at 339 Memory Lane from 5:30-7:30pm

A virtual meeting will also be available beginning on July 25th at noon and will be available for viewing until August 14th at 11:59pm. The prerecorded video presentation will also be posted online.

## Texas Breaks Employment Records

Texas broke three records again with number of jobs, number employed, and the size of the state's civilian labor force. Total nonfarm employment increased by 31,100 positions over the month and achieved 28 consecutive months of growth.

Since June 2022, Lone Star State employment grew by 542,500 positions—the largest annual increase in the nation. Texas' employment growth rate continued to outperform with 4.0 percent annual growth from June 2022 to June 2023—outpacing any other state as well as the nation's more modest 2.5 percent.

"More than 350,000 people have joined the Texas workforce since June 2022, making the Lone Star State a national leader as the best place to work and to live," said TWC Chairman Bryan Daniel. "As a resource for this growing job market, TWC is committed to provide a range of services for employers and job seekers alike."

"Texas employers are helping Texas stay robust and growing as the state approaches the 14 million mark for nonfarm jobs," said TWC Commissioner Representing Employers Aaron Demerson. "From initiatives like the Texas Conference for Employers and programs like the Skills Development Fund, TWC will continue to encourage that forward drive by providing resources for our Texas employers that include the best employment law education information and the best customized training for current and future workers."

"Texas continues to expand the labor force with skilled workers, at more than 15 million strong, as we boost careers through opportunities with our apprenticeship, internship, and vocational rehabilitation programs," said TWC Commissioner Representing Labor Alberto Treviño III. "TWC and our 28 Workforce Solution Boards help Texans navigate employment services that include career exploration, support services, job fairs, and job training programs."
