## A Tragic Shooting in Lampasas *Dakota Decker*

*A terrible event occurred in Lampasas yesterday. Police have yet to release any information, but as an observer of the scene this is my account of the situation.* At 2:01pm police received a call about multiple shots being fired off in the 200 block of N. Arnold

St.. Law enforcement quickly responded; to which they identified the suspect and surrounded the home he barricaded himself within. The suspect had **shot two women** then retreated to his own home where he hid himself.

**After interviewing some internet company workers**, that were there when the shooting began, they claimed to have heard around 10 initial shots. The number then climbed to 15. Police had roads blocked off in the neighborhoods

for three city blocks as they tried to dismantle the situation.

In the midst of this, people began to talk hearsay. Claiming it was a meth house. Claiming it was his wife and daughter he shot. Law enforcement asked the public to stop spreading rumors like these and to wait for updates from the Law Enforcement themselves.

**After speaking with neighbors** of the shooter, they claimed he was around 40 - 45 years old, and after asking them if he had the tendency to be mean or aggressive they said he was the opposite. They said the man was usually quiet, that he helped them dig post holes not too long ago and were baffled at the entire situation.

**A SWAT team was on the scene** in an armored vehicle and, to what I observed from watching the events unfold, SWAT was trying to enter or post up near the back yard fence around 4:49pm. Though, the situation was still ongoing into the late hours. At 9:46pm LPD put out the statement:

“This situation is still on-going at this time. Further updates will be provided when available.”

Then, at 11:51pm LPD’s statement confirmed the end of the standoff. The suspect was suspected to have passed from a self-inflicted gunshot wound. LPD states that this area will be an **active crime scene for a while into the future.**
