### **Burn Ban in Effect! No Outdoor Burning!**

**From DPS:** At 1:50am Wednesday, Texas DPS Troopers responded to a major crash involving a truck tractor semi-trailer at the intersection of 281 & Highway 6. The semi was traveling southbound on 281 entering the City of Hico. As the truck approached the intersection of State Highway 6 and US 281 the truck was traveling at an unsafe speed and failed to maintain a single lane. The semi-truck lost control and collided with a traffic light pole and ran into the parking lot of the Yesway gas station. The truck then rolled onto its right side and exploded. The fire engulfed the semi-trailer. The

22-year-old male driver from Utah escaped injury. The 33-year-old male passenger was transported to Stephenville ER for non-incapacitating injury. The intersection was closed for several hours and reopened approximately 7:00 a.m.

*The Hamilton County Scanner Facebook Page added this: "We would be remiss if we did not say, it has been reported that a Hico resident was out walking his dog when the crash happened. He quickly called 911 and rushed over to hit the emergency fuel shutoff valve. His actions likely saved the day from becoming a tragic situation."*

## LISD Campus Designated a Purple Star Campus

**According to Lampasas ISD Superintendent Dr. Rascoe,** Lampasas Middle School has been awarded a Purple Star Campus designation by the Texas Education Agency.

This designation recognized campuses for demonstrating support and commitment to meeting the unique needs of military connected students and their families.

The campus must designate a campus based military liaison, create and maintain an easily accessible web page that includes information on military connected students and their families and must have a campus transition program.

Wes Graham, Principal of Lampasas Middle School shares that "Our military-connected students account for nearly 1/3rd of our student population. Our Campus Military Liaison, Mrs. Jera Freeman, has been integral in the processes which benefit our students, families, school, and community."

The campus will receive a Purple Star recognition to display and will be featured on the TxSchool.gov web page.

The level 2 emergency was in place for a little over an hour. If ERCOT had called for electricity cuts on Wednesday, the location and duration of power outages would have been controlled by individual electric utilities.

Today's demand forecast at 8pm according to the ERCOT website is 80,423 MWs and the forecast capacity at that time is 80,456 MWs.
