## Local Teen Involved in Accident

According to a family member , Bodhi Westra (pictured right) was involved in an accident Friday by the high school and was taken to the hospital in Temple. He had to have emergency surgery but has returned home. However, he has a long road to recovery. Bodhi and his mother, Angela, were also involved in an accident at the same intersection in March, his mother is still recovering from that accident.

Bodhi's mom is taking care of him while he recovers, and his two younger sisters. She is a single mom, and this is a very difficult time for them.

## Speed Limit During Construction

Lampasas Radio reached out to TxDOT in Brownwood this morning about the speed limit on that stretch of highway. TxDOT approached the Lampasas City Council and on June 12<sup>th</sup> the Lampasas City Council unanimously approved lowering the speed limit during construction in this area at the request of TxDOT.

Jason Scantling explained that TxDOT is still going through the process to lower the speed limit on 281S from the Burnet County line into Lampasas during the construction of that stretch of roadway. It has to go before the Texas Transportation Commission and they hope to do that in October and start putting up new speed limit signs beginning November 1<sup>st</sup> .

While this speed limit will only be effective during construction, Mr. Scantling said TxDOT will re-evaluate the speed limit by the high school when the construction is complete. Since this is a state highway that travels through a municipality (The City of Lampasas) changing the speed limit has to be a collaborative effort.

## In Lampasas Radio Studios

**Lampasas City Manager Finley de Graffenried** was in Lampasas Radio studios this morning to visit with Angel Garcia.

They spoke about the rain we saw last weekend, but the City Manager said it wasn't nearly enough to change the water restrictions, though. He also shared that the city appreciates everyone's water conservation efforts, and that there are days when the city's water usage is a million gallons less than the same day last year.

Mr. Garcia brought up how many visitors around town on the weekends seem to be choosing Lampasas as a destination; which brought up the question of how the city will deal with short-term rentals in our neighborhoods. Mr. de Graffenried said there are not very many short-term rentals right now in Lampasas but they are watching the situation and reaching out to other communities about how they deal with the issues of short term rentals.

## Happy Birthday

Trinity Watkins 17  
Tamra Casey 51

According to the City Manager, Monday's City Council meeting will bring discussions about the water situation and possible other sources of water for Lampasas, having Lampasas designated as a music-friendly community from the state, and, of course, the eclipse.

## Upcoming Special Legislative Session

A story in the Texas Tribune tells us that Gov. Greg Abbott said Tuesday his long-awaited special session on "school choice" will start next month while promising political consequences for lawmakers who stand in the way of his priority legislation.

The idea has long encountered resistance in the House, where a coalition of Democrats and rural Republicans have blocked it. When the regular session ended, Abbott vowed to call multiple special sessions on unfinished business, including school choice.

Divisions between the House and Senate have only deepened since then, with back-to-back special sessions on a property tax stalemate and then the impeachment trial of Attorney General Ken Paxton.
